

BRICKLAYING / PLASTERING

Andrew Wilkes—Karton Brick & BlockLayers

Andrew has completed ‘Taster Days’ in a variety of trades before committing to his weekly work placement with Karton’s. Within this placement Andrew has had the opportunity to try brick & block laying, plastering, painting and concreting, he enjoys the variety of work and varied work places. In conjunction with his Hard Materials class he is working towards a National Certificate in Building, Construction & Allied Trades Skills Level 2 which will be a valuable start to his qualification in whatever trade he may choose in the future.

Before going into his workplace, Andrew completed courses on Workplace Safety, First Aid, Fire Safety & Time Management; he is currently working towards his full Class 2 drivers licence (Heavy Traffic) which he aims to achieve through the Gateway Programme this year.

Kieran Karlsson

While at school Kieran worked at Todd Mudie Plastering for one day every week. He completed construction unit standards in his hard materials class while also completing standards on safety, time management, communication etc in his Gateway class. Kieran left school and gained full time work with Todd Mudie Plastering
