

# BUTCHERY

## Oliver Jamieson

Oliver is a Year 12 student; one of his career options is to be a butcher. He has started his work placement at Export Meat Warehouse where he works every Tuesday.

While at work Oliver is working on butchery unit standards which will be assessed in his workplace and included in his NZQA Level 2 results along with his academic results.

He expects to gain over 40 Level 2 & 3 credits in Gateway this year and at the same time seeing if this is really the career for him. He has gained an after school job through Gateway which is an added bonus!
