

JOINERY

Jonathan Shaw

Jonathan gained a joinery apprenticeship when he left school in 2008. He knew this was a suitable career for him because while completing the Gateway Programme at Roncalli College he worked for one day every week at Alpine Joinery and later at Lunds Joinery. He worked on Level 3 construction unit standards with his hard materials teacher at school

Hayden Dickens

Hayden began work at Barrett Joinery on the Gateway Programme and was offered a full time job and Joinery Apprenticeship.

Nathan Brownie

Nathan knew he wanted to train in a trade and wanted to make sure he was making the right decision. He had trial periods in engineering and building before making joinery his priority. Nathan completed unit standards through the Joinery ITO and was successful with gaining an apprenticeship once he left school
